

## OPEN HOUSE PUBLIC MEETING

# CHESTNUT STREET IMPROVEMENTS

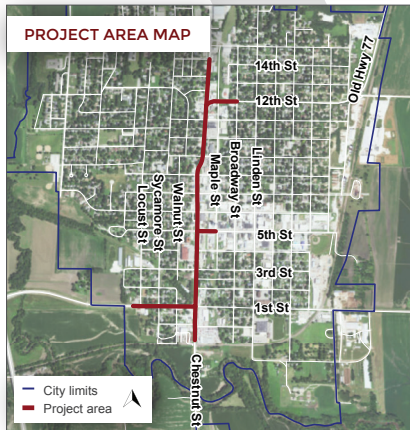

**Thursday, August 3, 2017**  
**5:30-7:30 p.m.**

**Wahoo Public Library**  
**637 N Maple St**

Join us to learn about and comment on the Chestnut Street Improvements project, which will address many critical infrastructure problems along the city's busiest corridor. Planned improvements include complete reconstruction of the roadway, replacement of deteriorated storm drains, and replacement of deficient water mains. These improvements, along with new street lighting, sidewalk construction, and streetscaping, will enhance the visibility and safety for both drivers and pedestrians.

No presentations are planned, but city staff, community members who participated in planning for this project, and the project consultant will be available to discuss and answer questions.
